### **CLOSURE OF ALCOHOLIC DRINKS OUTLETS WITHIN 300 METRES OF BASIC EDUCATION INSTITUTIONS**

---

Reference is made to the above matter.

Please note that there has been a proliferation of alcoholic drinks outlets near basic education institutions. This has greatly hampered the government's efforts in ensuring that learning takes place in a conducive and safe environment.

#### **Alcoholic Drinks Control Act**

Under section 12(1)(c) of the Alcoholic Drinks Control Act, alcoholic drinks outlets should be at least 300 metres from any nursery, primary, secondary or other learning institutions for persons under the age of 18 years. Many bars and other alcoholic drinks dispensing outlets are operating in breach of this provision.

#### **Right to Education**

Article 53(1) (b) of the Constitution states that every child has a right to free and compulsory basic education. This right is reiterated in section 4(a) of the Basic Education Act and section 13 of the Children Act.

The proximity of bars and other alcoholic drinks dispensing outlets to educational institutions compromises the realization of this right. Learners may be lured into

consumption of alcoholic drinks and are also likely to be affected by unruly behavior, violence and disturbances emanating from those premises. The result is that the government is not likely to realize its policy of 100% retention and transition of learners.

### **Enforcement**

Section 3(c) of the National Campaign Against Alcohol and Drug Abuse Act mandates NACADA to protect the health of persons under the age of 18 years. In enforcing this section, NACADA may coordinate and collaborate with other government agencies.

The State Department for Basic education has mapped out alcoholic outlets within 300 metres of Basic learning institutions. The list is hereby attached for ease of reference.

This is therefore to direct that you liaise with the relevant agencies to ensure that bars and other alcoholic drinks dispensing outlet operating in breach of the said provision are closed with immediate effect.
